

VICE-CHANCELLOR'S MESSAGE

It is a matter of great pride and privilege to be part of an esteemed organization Acharya Nagarjuna University that prepares today's students to meet the challenges around the globe. I have seen the way Acharya Nagarjuna University has become pioneer in providing superior quality education in India.

A strong believer and practitioner of the dictum "Knowledge is Power", Acharya Nagarjuna University has been on the path of delivering quality education by developing the young human resources with ethical and moral values, while boosting their leadership qualities, research culture and innovative skills.

The main objective of the University is to provide higher education of global standards and hence, all the programs are designed to meet international standards. Highly experienced and qualified faculty members, continuously engaged in the maintenance and enhancement of student-centric learning environment through innovative pedagogy, form the backbone of the University.

At Acharya Nagarjuna University, research, consultancy and innovation are regarded as our pillars of success. Most of the faculty

members of the University are involved in research by attracting funded projects from various funding agencies. The outcome of the research is passed on to students through live projects from industries. The entrepreneurial zeal of the students is encouraged and nurtured. Our faculty teach students in liberal arts college model with research as base for teaching and approach towards problem solving ability and societal issues in mind.

I strongly believe Acharya Nagarjuna University is marching ahead in the right direction, providing a holistic education to the future generation and playing a positive role in nation building. We reiterate our endeavor to provide premium quality education accessible to all and an environment for the growth of over-all personality development leading to generating "Global Professionals".

We extend a warm invitation to all stakeholders and well-wishers of the ANU to join us in our honest efforts and endeavour to make this great institution as an enviable destination for the talented youths of Andhra Pradesh and our great Nation for pursuing their dreams in the realm of higher education and research.

I would like to conclude by quoting Guru Rabindranath Tagore that "The higher education is that which does not merely give us information but makes our life in harmony with our existence."

Welcome to the portals of Acharya Nagarjuna University!
