The Department

The Department of Statistics, Acharya Nagarjuna University was established in November 1980. The present faculty consists of 7 Professors with diversified areas of research. Based on the research output of the teachers and scholars, other academic activities and progress, the Department of Science and Technology, New Delhi recognized the department as "DST - FIST Sponsored Department" in December 2002 for five year funding and as Non - SAP department for funding by UGC for five years 2008 - 2013. The Department has been identified under UGC-DRS -I(SAP) for the period 2010-2015.

During the last 31 years, the Department has proved its organizational skills in hosting Conferences, Seminars, Workshops, Refresher courses covering many areas of theoretical and applied statistics.

Objective of Workshop

To discuss Theoretical and Practical topics in Design of Experiments and Operations Research.

The present Workshop is aimed at providing interaction between theoreticians and practitioners of Statistics from academic institutions, research labs, industries, Govt./non-Govt. organizations, consultancy units etc.,

Events

Invited lectures : A good number of invited lectures are being planned by eminent persons associated with Design of Experiments and Operations Research.

Climate

The night temperature at Guntur during December is around 20°C. Moderate warm clothing is enough to withstand the winter cold.

Eligibility

The target group for the Workshop is Teachers, Researchers, Students and Personnel associated with Design of Experiments / Operations Research and related fields.
