DEPARTMENT OF MATHEMATICS UNIVERSITY COLLEGE OF SCIENCES AND DEPARTMENT OF BSH, Dr.Y.S.R.A.N.U.C.E.T. ACHARYA NAGARJUNA UNIVERSITY

ORGANIZES

ONE DAY WEBINAR ON “MATHEMATICS AND ITS APPLICATIONS & GANITHA DASAVADHANAM”

On
22nd December, 2020

On the eve of SrinivasaRamanujan's
133rd birth anniversary celebrations

About Acharya Nagarjuna University

Acharya Nagarjuna University was established in 1978. It was inaugurated by former president of India, Fakruddin Ali Ahammad. It has earned a great reputation for high level academic and research activities among Indian and Foreign Universities. The research programs carried out in different departments cover both fundamental and applied fields of knowledge. The University has been balancing the old values and modern developments. University stands for its motto, "SATYAME SARVAM PRATISHTITAM".

About the Department of Mathematics

The Department of Mathematics was one of the few departments initiated at the time of establishment of the postgraduate center at Guntur by the Andhra University in 1967. The department specializations are in the fields of Algebra, Analysis, Fuzzy Algebra, Graph Theory, Ring Theory, Fluid Dynamics, Near-ring Theory, Gamma Near-ring Theory, Special Functions, and Non-Linear Programming. The thrust areas of the department include Near-rings, Functional Analysis, Graph Theory, Special Functions, and Universal Algebra.

The number of research papers published in International / National journals by the teachers of the department is more than 375. As an evidence of the work done by the department, many books were

authored / edited by the teachers of our Department. PHI (Prentice Hall of India, New Delhi), VDM, Verlag Germany Published five books, and CRC Press (Taylor and Francis, England) published and authored by the teachers of this Department. More than 50 books were authored / edited by the teachers of this Department. Four major research projects (sanctioned by the UGC, New Delhi) were completed by the teachers of the Department. Some teachers, in recognition of their research output, are being invited by various mathematical associations and Universities in and outside India for delivering talks at National and International symposia, conferences, seminars, and refresher courses, and also for doing Joint Research work. One of the Faculty members of our Department got collaboration distance 5 with Albert Einstein.

About the Department of BSH

The Department of BSH (Mathematics, Physics, Chemistry, and English) was one of the few departments started at the time of the establishment of the Dr Y.S.R. A.N.U. C.E.T. in 2009 of Acharya Nagarjuna University. The number of research papers published in International / National journals by the teachers of the department is nearly 200. One major research project (sanctioned by the UGC, New Delhi) was completed by the teacher of the Department.
