

Registration form

Inculcation of innovative knowledge
to promote entrepreneurship
in biochemical sciences
24-25 January 2020

Target audience:

IIKEBS-2020 designed to inculcate
knowledge on entrepreneurship in
promoting start-ups of life sciences.

Who is eligible?

- ✓ Those pursuing Masters degree in
all branches of life sciences or allied
areas
- ✓ Research scholars
- ✓ Faculty of life sciences or allied areas

Registrations:

Limited seats and first come first serve
basis

Institute:

Name & address

.....

E-mail

Phone number

Organizing Committee

Chief patron

Vice-Chancellor (FAC), ANU
Prof. P. Rajasekhar

Registrar & Principal UCS, ANU
Prof. K. Rosaiah

Director (IIKEBS-2020)
Dr. J. Rajeswari

Organizing Secretary
Dr. P. Kiranmayi

Treasurer
Dr. N. Venkata Prasuja

Organizing Members

Dr .K. Suneetha,
Research Scholars & Students
Department of Biochemistry

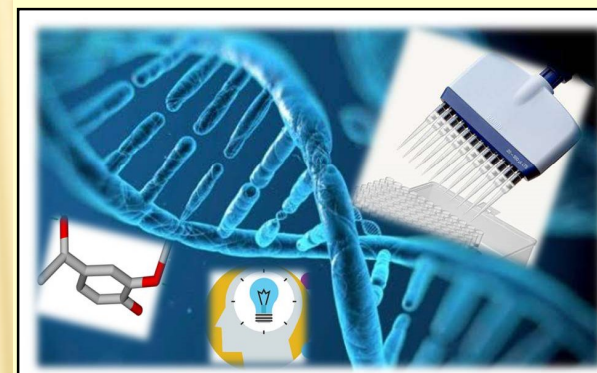

National Workshop On

Inculcation of innovative knowledge
to promote entrepreneurship
in biochemical sciences

24-25 January 2020

IIKEBS-2020

Organized
by

Department of Biochemistry
Acharya Nagarjuna University
Nagarjuna Nagar
Guntur, AP-522510

Objective

The goal of “Entrepreneurship development programme in biochemical sciences” is to inculcate entrepreneurial abilities among the student community. Biological science is complex and rapidly changing area that requires a specialized knowledge to understand the value of the innovation and its competitive position in the industry. For instance, a bio-scientist discovers a pathway or mechanism in biology that is particularly interesting and appealing for disease intervention, treatment or diagnosis. Thus, turning bioscience into business typically require ideas, skill, recognition of opportunity, intellectual property rights, obtain funding and team building, technology development towards product followed by licensing and marketing.

Learning Outcomes

- ✓To create awareness about the need for entrepreneurship in life sciences, funding resources, government plans and programmes
- ✓To understand the procedure such as intellectual property rights, licensing, marketing etc. involved in setting up a small enterprise.
- ✓To encourage self employment tendencies in young talent
- ✓Success stories of entrepreneurs in life sciences
- ✓Active Interaction between students and resource persons

Speakers Invited

Dr. Sridhar Voleti, CEO
University of Hyderabad-BioNEST

Dr. Viswanadham Duppatla
*Chief manager-Innovation
IKP knowledge park, Hyderabad*

Dr. Ramjee Pallela
*COO-Atal Incubation Center at
CCMB, Hyderabad*

Dr. Vinita Jindal
*Senior manager –IP & Technology
Management, BIRAC, New Delhi*

Mrs. Himabindu
*Managing Director, Novel Patent
services, Visakhapatnam*

Dr. Ravi Chandra Beeram
*Managing Director, Revelations
Biotech Pvt. Ltd*

Dr. Sudarshan Reddy
CEO@Oncosimis Biotech Pvt Ltd

Dr. Bindu Madhava Reddy
University of Hyderabad

Venue

Prof. Balamohandas Seminar Hall at Deichman Auditorium, Acharya Nagarjuna University campus.

Inauguration:

Date: 24-January-2020

Time: 9:00AM

Contact
