Poster Presentation

Title of presentation:

Accommodation Required: Yes / No

Organizing Committee

Chief Patron

Prof. K. Ramji

Vice-Chancellor, ANU

Patrons

Prof. K. John Paul

Rector, ANU

Prof. G. Rosaiah

Registrar, ANU

Prof. K. Chandan

Principal, UCS, ANU

Director & Convenor

Dr. J. Rajeswari

Organizing Secretary

Dr. P. Kiranmayi

Treasurer

Dr. N. Venkata Prasuja

Organizing Members

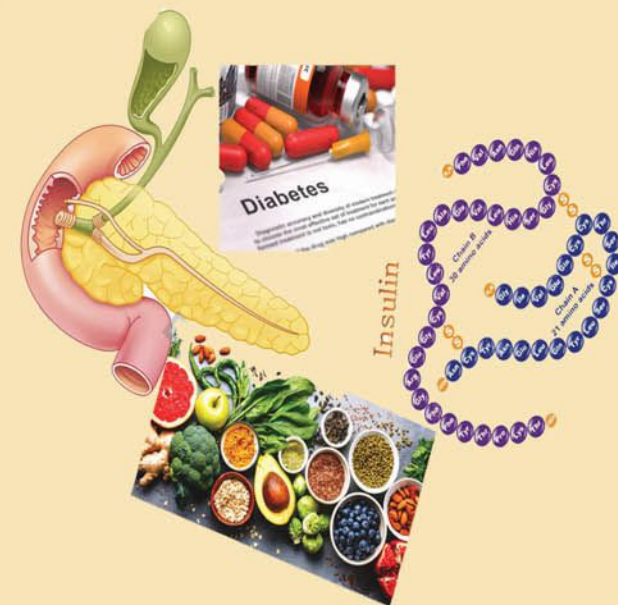

Dr .K. Suneetha

**Research Scholars & Students
Department of Biochemistry**

RTTMD-2019

**National Symposium On
Recent Trends in The Treatment
and Management of Diabetes
from Bench to Clinic**

9th February 2019

Organized by
**Department of Biochemistry
Acharya Nagarjuna University**
Guntur - 522510

Objective

The primary objective of the RTTMD-2019 symposium is to endow with fundamental knowledge on recent advancements in Diabetes research, existing treatment strategies and an effective management of Diabetes. Thus, RTTMD-2019 comprises a perfect combination of both research scientists and clinicians in the field of Diabetes and allied areas.

Learning Objectives

To provide new insight into the pathophysiology of diabetes to inspire the minds of biology students with a perspective to get into the research area of diabetes and other metabolic disorders for the benefit of mankind.

Explain the newer developments to manage Diabetes patients

Implementing this knowledge in preventing /management of diabetes in high risk groups.

Target Audience

RTTMD-2019 has been designed consistent with the alarming situation in India becoming a hub of diabetic victims regardless of age. Thus, this symposium may help to the researchers, research aspirants and general audience in terms of awareness on risk factors, current treatment and management of Diabetes.

Speakers Invited

Dr. JLN Sastry

Vice President
Head of Healthcare Research,
Dabur India Ltd

Dr. A. Laxmaiah

Scientist 'F'
National Institute of Nutrition,
Hyderabad

Prof. D. Sarala Kumari

Sri Krishna Devaraya University
Anantapuramu

Dr. Srinivas Kantevari

Principal Scientist, IICT-Hyderabad

Dr. P. Anil Kumar

Assistant Professor
University of Hyderabad

Dr. G. Murali Krishna

Endocrinologist, Manipal Hospital
Vijayawada

Dr. D.V. Ramana Kumari

Diabetologist, NRI General Hospital,
Mangalagiri

Venue

Prof. L. Venugopal Reddy Seminar Hall

Dr. H.H. Deichman & Dr. S. John David Auditorium, Acharya Nagarjuna University campus.

Abstract submission

Abstracts (about 250-300 words) are invited in the areas of clinical biochemistry or metabolic disorders, which reach to the following on or before 31th January, 2019

Email: rttmd2019@gmail.com

Registration Fee

Participants & Research Scholar	Rs.400/-
Students	Rs.200/-
Faculty	Rs. 500/-

Contact

Dr. Venkata Prasuja N

UGC-Assistant Professor
